

The Egalitarian Kotel Could Be Eliminated— Take Action Now

Legislation advancing in the Israeli Knesset would transfer authority over all prayer at the Kotel to the ultra-Orthodox Chief Rabbinate and make participating in Conservative/Masorti and Reform services punishable by up to seven years in prison. If enacted, it would effectively dismantle the Egalitarian Kotel and deny millions of Jews meaningful access— including holding our B'nai Mitzvot.

It is vital to take two immediate steps:

1. **Sign this petition** urging Israeli leaders to stand for Jewish pluralism at the Kotel.

2. **Contact the Israeli Consulate in [INSERT NEAREST CITY]** at [EMAIL] to express your opposition to this legislation and your support for religious pluralism. Our synagogue office can provide sample language and additional guidance.
